

Honors Program Committee Action Items – September 13, 2015

The following proposals were discussed electronically and approved by the Honors Program committee. All committee members participated in the discussion and voted to approve the proposals.

An honors scholar participating in a specific LLC with an associated non-honors FSEM requested contracting the FSEM with an HN contract to enable the student to fulfill the honors program requirement of an HN designated FSEM. A contract was submitted but was not approved by the honors program committee. The honors program committee and faculty member could not come to a resolution that was satisfactory to all parties. Under these rare circumstances, the Honors Program committee has voted to waive the HN FSEM requirement for this single student, effective Fall 2015.
