Distance and Blended Learning Committee

Academic Year Fall 2016-Spring 2017

Online Meeting Action Items for March 2017

Online course reviews:

1. INDT 501 (Submitted by Courtney Clayton on behalf of Andrew Wolfenbarger): The committee does not approve the course in its current form and requests a revision and resubmission of the proposal.
 - a. The committee has requested revisions by March 29th at 5PM and will review the updated proposal once it has been submitted.
 - b. The course was submitted to the committee after the Summer 2017 deadline had passed and after the course had been submitted to the registrar's office as an online course. While the committee has made an exception for this course it is stressed that the committee will not in general review courses submitted after the deadline. In addition, courses should be approved by the committee for an instructor of record before being submitted to the registrar's.
2. HSCI 120 (Submitted by Colleen Vanak): The committee has accepted the proposal with revisions.

Other Committee Business:

1. The meeting date of April 3rd has been moved to Monday April 10th. The move was made to accommodate a review of a new submission from the new online Masters of Nursing program which is currently under development.
