Review of Fall 2017 Course Proposals

CPSC 106 (Kristen Shaffer)

The committee has **approved** this course.

EDSE 534 (Victoria Russell)

The committee has **approved** this course.

NURS 310 (Janet Atarhi-Dugan)

The committee has requested the author to fix errors, elaborate upon the PICO project and other concerns. The committee also suggests a meeting with the DTLT to discuss interactive projects.

Other Business

The Nursing program is developing a new Master of Science Program (MSN Program) to be taught in the online format. This program has been accepted by the UCC and UFC. The MSN program cannot be fully developed at this time because a Family Nurse Practitioner must be hired to develop the *second year* of courses. As the D&BLC completes the approval process for Majority Online Programs, the provost has asked the D&BLC to discuss the possibility of reviewing the MSN program with only the first year of courses submitted.

After discussion, the committee requests that the MSN develop all courses before submitting a proposal to the D&BLC.
