

Anand Rao (vice-chair, UFC) and Jackie Gallagher (chair, UFC) move to hold an electronic vote on the general education curriculum after the final proposal has been presented, ~~and before the April 15, 2019 UFC meeting~~. The secure ballot will be sent out by Debra Schleef to full-time instructional faculty only, per section 2.1.4 of the Faculty Handbook regarding Voting Privileges at Meetings of the General Faculty.

Rationale: holding an electronic vote will allow all faculty to vote anonymously on this important curriculum item, without requiring a public meeting at which quorum would have to be established and a paper ballot conducted.
