

Faculty Senate of Virginia

Report for UMW University Faculty Council

Over the summer, the Faculty Senate of Virginia (FSVA) continued working on updates to its website and payment modes (Paypal, Credit Card) to be more accessible to its constituency.

We followed with interest the campaign UnKochMyCampus, initiated by the faculty of members school GMU, as the Virginia Supreme Court heard Transparent GMU v. GMU Foundation on September 11. This case is related to legislation we supported at the General Assembly in the 2019 session regarding making university foundations subject to Freedom of Information Act requests.

The FSVA Fall meeting will take place on October 19 at VCU in Richmond. Colleagues from UMW are welcome to attend with me.

Marcel Rotter
FSVA Treasurer
