Cultural Programming and Collaborations Report

Cross-Cultural BBQ – August 29, 2019

- The student organization, Students Educating and Empowering for Diversity (SEED) took the leadership in planning and coordinating this event for the campus community. There were 18 multicultural and social justice student organizations that participated by hosting a table and providing information about their purpose and activities, as well as a food dish that was representative of their culture or group. Five cultural performing groups provided entertainment at this event. Hundreds of people attended the CCBBQ. Individuals were able to learn more about the groups we have on campus, what activities they are engaged in, and sample a flavor of their respective cuisine.
