### **Cultural Programming and Collaborations Report**

Cross-Cultural Exchange – August 27, 2020

- The student organization, Students Educating and Empowering for Diversity (SEED) took the leadership in planning and coordinating this event for the campus community. This year, given the COVID-19 guidelines and the remote learning status of the campus, this event was held virtually via Zoom. There were 17 multicultural and social justice student organizations that participated by presenting information about their purpose and activities and introducing members of their group. Those who attended the CCE were able to learn more about these cultural and social justice groups at UMW, as well as what activities they sponsor throughout the year.
