**PHYS 320** (edited): The resubmission clarifies the application and all SLOs are met. **DI designation approved.**

**ENGL 348:** All SLOs are met. Syllabus should be updated to change UMWBlogs to Sites@UMW. **DI designation approved.**

**SPAN 415:** All SLOs are met. One minor critique is that the location of online resources is given to the students. That said, evaluation of those sources is emphasized. The committee recommends that in the future, students be encouraged to locate sources as well. There is chair's section information missing from the top of the form that needs to be completed to explain how new instructors will be prepared to teach this course. **Applicant should edit and resubmit proposal.**

**PHIL 231:** All SLOs are met. **DI designation approved.**

**RELG 350:** (Note: Chair Kalpesh Bhatt recused himself from this discussion because of conflict of interest) All SLOs are met. **DI designation approved.**

Next meeting scheduled for February 28 at noon.

**The meeting adjourned at 12:27.**
